WHAT'S HAPPENING

The paperwork!! Submissions have been flying thick & fast for assistance from the government:-

- a) for painting and groundworks;
- b) for the tennis courts

KEEP ears and eyes out for news. If we are successful it will be on radio etc. If not, there are a lot more working bees ahead.

A quick 100 Club to raise funds for the courts will be drawn 1st November. Don't worry if you've been missed. We'll be looking for your support next time. Thanks to those who are in.

WHAT'S HAPPENED

Mike Linhart, plumber of note volunteered his services to renew the guttering on the school building. A busy Saturday, 29th September saw the job done with very little fuss. Thanks from all to Mike

MORE OF WHAT'S HAPPENED . . .

20 natives have been planted in the school yard to compensate for some of the trees that are being removed. We hope to plant every year.

The survey for the tennis courts indicated about 120 people interested. At the meeting following (30 people attended) a committee was formed and is working hard - though we need your support - come next weekend.
